Hello, Art!!

Can you please help us add this document to the website? I would like it to be added to the special collections called "Radiological Retesting." We should suggest the records center call it "Ltr: Response to letter re: evaluating radiological remediation goals for buildings." <= that is similar wording the record center used previously. It should be dated 12/22/2020.

Happiest of holidays to you and your family!
